U. S. Arming German Forces With Missiles

By ELTON C. FAY
WASHINGTON (AP) — The United States is arming its forces in Germany with guided missiles capable of carrying atomic warheads hundreds of miles into Red-held territory.

The Air Force announced tersely last night that it will send two pilotless bomber squadrons to Germany this year. No details were given.

This move seemed to fit into basic U. S. strategy defined by Secretary of State Dulles in a New York speech Tuesday and affirmed by President Eisenhower at his news conference the next day.

This strategy, Dulles said, is based on "massive retaliatory power" to deter Soviet aggression.

In this connection, the decision to augment the fire power of American forces helping defend Western Europe immediately raised a question.

Would this mean fewer American troops in Europe?

"No, not in itself," Secretary of Defense Charles E. Wilson told reporters yesterday. He didn't say more.

The two squadrons bound for Germany will be equipped with B61 Matador missiles. These have been in mass production at the Baltimore plant of the Glenn L. Martin Co. for more than a year.

The Air Force did not disclose the number of missiles in a squadron, but it is believed several hundred missiles will be allocated to each.

By comparison, a squadron of jet fighters numbers about 25 planes. The Matador is the first offensive guided missile to be turned over to a tactical unit of the United States armed forces. Other such missiles with greater speed and wider range are being designed or are undergoing tests.

Compromise on Treaty Making Sought

By JACK BELL
WASHINGTON (AP) — Sen. Ferguson (R-Mich.) renewing today efforts to find a compromise on the Senate-Split proposal to limit treaty-making powers, said he doubts legislation would accomplish what most proponents want.

Ferguson said in an interview he believes most of the support for a constitutional amendment proposed by Sen. Bricker (R-Mich.) "comes from people who don't want any more Yalta."

But Ferguson said he doubts any constitutional amendment could head off possible future presidential agreements such as those made by Franklin D. Roosevelt when he met during World War II in the Soviet city with the late Premier Stalin and Prime Minister Churchill of Britain.

"I don't believe you can cure a situation such as that which existed at Yalta," Ferguson said. "That was a case where the head of our government acted without making a treaty or an executive agreement."

AT&T Net Income Sets a Record

NEW YORK (AP) — The giant American Telephone & Telegraph Co., whose Bell system companies operate four-fifths of the nation's telephones, today reported a record net income of \$421,000,000 in 1953.

This was equivalent to \$10.31 a share and compared with net income of \$356,493,204 — or \$10.09 a share — on fewer shares for 1952.

Russians Claim Perennial Wheat

LONDON (AP) — Moscow radio said today Soviet scientists have developed a perennial wheat which yields year after year without reseed.

The broadcast said the wheat, developed at the Georgian Academy of Sciences in Tbilisi, was first planted four years ago.

"Since then harvests have been gathered each year and a fifth harvest is expected from it this year," the radio quoted Prof. Vladimir Meabadi, an academy official.

Killer of Three Still Sought

LEXINGTON, Miss. (AP) — Baffled officers and volunteers continued their search today for a Negro sharpshooter who killed three men with a .22 rifle.

Officers think that 28-year-old Ed Noel is in a five square mile area, but haven't found him in six days of searching.

Deputy Fired in Whipping Case

LITTLE ROCK (AP) — A Pulaski County deputy sheriff accused of pistol-whipping a Negro while questioning him has been fired.

Sheriff Tom Gully said today he had discharged Deputy Joe West, 33, as the result of the attack on Charley Clare at Galloway, Ark. Clare was cut on the head when he was hit by West's pistol, the sheriff said.

No charges will be filed against the discharged officer, since Clare's condition is not serious.

Gully said West hit Clare after questioning him about a package he was carrying. He said West was off duty at the time of the attack.

Egypt Regime Arrests 450 of Opposition

CAIRO, Egypt (AP) — Arrests mounted to 450 today in the government crackdown on the outlawed Moslem Brotherhood.

A communique from President Mohammed Naguib's Revolutionary Council accused the fanatical political-religious organization of conspiring with both the Communists and the British, and with plotting a counter-revolution against Naguib's regime.

The communique said the Brotherhood, which claimed a membership of two million at the height of its power in Egypt, conspired with the Communists for the purpose of fomenting disorder in this strategic Middle East country.

Representatives of the Brotherhood also were charged with making secret contacts with the British resulting in a weakening of Egypt's position in the lengthy negotiations over the future of the vital Suez Canal zone.

The government dropped the ax on the Brotherhood Wednesday, ordering it dissolved and its assets confiscated. Of the 450 arrested, only 20 have been set free. How many might face trial before a revolutionary court was not disclosed.

LT. Col. Anwar el Sadat, one of the members of the Revolutionary Council now running Egypt, summoned newsmen to a special conference early today to detail the charges against the Brotherhood. He had faced trial during the regime of the deposed King Farouk on charges of being a Brotherhood supporter.

The communique charged C. M. C. Gueff, British minister to Cairo, and Telford E. Evans, Oriental counselor at the British Embassy, had met with Hassan El Hossay, the deposed head of the Brotherhood, and other of its big officials.

The communique said El Hodel, by and the other leaders discussed British policy on the Suez Canal zone, and this made it more difficult to get the British to come to terms for removal of their troops from the Suez Canal zone.

The British Embassy said it had no comment. British sources remarked, however, there would be nothing extraordinary or unusual in their diplomatic representatives explaining the British point of view to anyone who might request it.

The communique charged the Brotherhood with setting up three organizations to spread sedition against the Naguib regime. One worked among army officers, another among noncommissioned personnel and the third among the police, the communique said.

Observers saw Naguib's move against the Brotherhood as reflecting his confidence that the present regime rests on firm foundations. Governments under King Farouk moved cautiously against the Brotherhood. Saadist Premier Mahmoud Fahmy Nokrassy Pasha banned the Brotherhood Dec. 8, 1948, for terrorist moves. He was assassinated by one of its members less than three weeks later.

Woman Electrocuted in Auto Wreck

NORTH LITTLE ROCK (AP) — An automobile knocked down a utility pole here early last night and the woman driver was electrocuted moments later as she stepped out of the car.

Police said Mrs. Barney L. Elias, 35-year-old mother of three, apparently came in contact with a "live" 6,000-volt electric wire which fell across the automobile when the pole was broken off.

A witness said the woman stepped from the automobile, put her hand on the side of the vehicle and then fell. Electrical current had to be turned off before the body could be moved.

Mrs. Elias was alone. The accident occurred on North Main Street, the customary route to the Park Hill section of North Little Rock, where she lived.

Survivors include her husband, a general contractor; her children, a daughter and a brother and sister.

Mrs. Elias' death was the 15th fatality recorded in Arkansas since last Sunday midnight.

BIRTHDAY PREVUE—Dr. Francis E. Townsend, who will be 87 on Jan. 13, 1954, will be honored by birthday parties at hundreds of Townsend Plan clubs throughout the nation. The elderly physician, who founded the Townsend Plan for pensioning people over 60 at a rate in excess of present Social Security payments, is seen here slicing a birthday cake at Cleveland, Ohio, where the Townsend Plan, now in its twenty-second year, has national headquarters. Dr. Townsend is being assisted by well-wishers, Wayne Bosau, 8 (right), and Robert Bosau, 6.

Ministers in Deadlock as Parley Nears

BERLIN (AP) — The Big Four foreign ministers' conference bumped into a deadlock today — 11 days before the party was due to start. Unable to agree on sites in Berlin for the parley, Allied and Russian representatives asked their home governments what to do.

A State Department spokesman in Washington said the United States did not believe the deadlock would postpone the conference beyond the Jan. 25 target opening date, but there was speculation in political circles here that the Russians were preparing to torpedo the meeting.

Despite the gloom outlook, there was no indication of any change in plans of U. S. Secretary of State Dulles to arrive here Jan. 22 for pre-conference talks with British Foreign Secretary Anthony Eden and French Foreign Minister Georges Bidault. Reports from the East indicated Soviet Foreign Minister V. M. Molotov still is expected Jan. 23.

A senior Allied official here said the past week's four meetings of Berlin common mandants of the four powers involved 37 hours of wrangling and were a "waste of time."

Ike Confers With Atomic Policy Aides

By JOHN M. HIGHTOWER
WASHINGTON (AP) — President Eisenhower called advisers on atomic policy into conference today, presumably to discuss negotiations with Russia for the creation of an international pool of atomic resources for peaceful use.

Summoned to meet at the White House were Secretary of State Dulles, Chairman Lewis Strauss of the Atomic Energy Commission, Secretary of Defense Wilson and White House Aide C. D. Jackson.

The White House announced last night that the meeting would be held but gave no official word on the subject of discussion. However, the major reject of the United States government on international aspects of atomic policy at this time is to enlist Soviet cooperation in the pool plan proposed by President Eisenhower.

Wife Named to Succeed Husband

LITTLE ROCK (AP) — Gov. Francis Cherry yesterday announced appointment of Mrs. Virginia Gist of Helena as Phillips County tax assessor to succeed her late husband, Bogan Gist.

Cherry appointed Dr. C. G. Melton of Fayetteville to the Board of Trustees of the Huntsville Vocational School to succeed Gus A. Edson of Springdale.

He reappointed Louis Ramsey of Pine Bluff to the Board of Trustees of Arkansas A&M College; Hamilton McNeil of Pine Bluff to the State Penitentiary Board; and Marion Wasson of Fayetteville to the Booneville Tuberculosis Sanatorium Board.

Congress to Quickly Okay SS Measure

By CHARLES F. BARRETT
WASHINGTON (AP) — Congress appeared set today to give delayed but enthusiastic approval to President Eisenhower's plea for bigger benefits and more taxes under a social security system covering almost the entire population.

Seldom, in fact, has a White House message on such a vast and controversial subject produced so little vocal dissent as the program sent to the Capitol yesterday on Old Age and Survivors' Insurance.

House Speaker Martin (R-Mass.) gave this appraisal today: "There isn't any question but that this Congress will enact legislation substantially carrying out the President's program."

A key Democratic leader, asking not to be quoted by name, said, "You can bet your bottom dollar that few Democrats will oppose it."

Chairman Reed (R-N.Y.) praised the program and said his House Ways and Means Committee will go to work on it, probably in early March.

Reed, who has fought the President on other points and who has opposed plans of past Democratic administrations to liberalize social security introduced two bills to carry out Eisenhower's proposals.

One bill embraces the main proposal for extending coverage, raising benefits and increasing, from \$3,600 to \$4,200 the individual income limit on which the 2 per cent social security tax would apply.

The other would put into effect what is expected to be the more controversial part of the presidential program — revision of federal contributions to states for direct relief to persons not covered, including some needy aged, blind disabled persons and dependent children.

Reportedly Reed divided the legislation so that, if opposition makes it necessary, so-called security expansion can be pushed without becoming involved in any fight over the welfare program.

Bellhop in Kidnap Case Gets 3 Years

KANSAS CITY, (AP) — Trying to cash in on thidnaping of 6-year-old Bobby Greenlease will cost Edward Eugene Long, 21, three years in a reformatory.

Judge John R. James imposed that penalty yesterday after Long pleaded guilty to a charge of blackmail.

Long, then a hotel bellhop, sent a note to millionaire auto dealer Robert C. Greenlease demanding \$10,000 ransom after reading in a newspaper Sept. 29 that Greenlease's son had been kidnapped the previous day. He was not involved in the actual kidnaping.

A record sum, \$600,000, subsequently was paid to Carl Austin Hall and Mrs. Bonnie Brown Heady the kidnapers who hadn't already killed Bobby, they were soon captured and executed in the Missouri State Prison gas chamber Dec. 18.

More than \$500,000 of the Greenlease ransom money is still missing.

Four in Family Die in Blaze

Spencer, Tenn. — A father, mother, daughter and grandson burned to death when fire caused by a gasoline explosion destroyed their five-room rural home near here yesterday.

The victims were Landon D. Hale, 49, his wife, Roshie, 43; their daughter, Mrs. Willie Simmons, 27, and her son, Landon 4.

Hale's brother Charles, who was in the living room at the time, said his brother "had got some gasoline to fill up the gas-operated family washing machine and set it on the kitchen table. The explosion followed almost immediately."

Flames quickly enveloped the frame house, preventing rescue attempts.

Highlights of Congress First Week

WASHINGTON (AP) — The warm reception given to President Eisenhower's social security proposals by both Democratic and Republican lawmakers indicates smooth passage through Congress.

The President yesterday recommended a six-point program, included extension of benefits to another 10½ million people, bigger monthly payments and other liberalizations.

St. Lawrence — A possible filibuster confronts the Senate as Sen. John Marshall Butler (R-Md.) sets himself to speak "at great length" against the proposed St. Lawrence seaway project.

Meanwhile, Senate backers of legislation to authorize U. S. participation with Canada in building the seaway claim growing strength and ultimate victory. The issue cuts across party lines.

Salaries — A special commission set up by Congress recommends that senators and House members vote themselves a \$12,500-a-year raise. They now get \$10,000 a year. The commission, reporting to President Eisenhower, also urges substantial salary boosts for federal judges.

House program — Speaker Martin and Republican committee chairmen line up legislative program for the House, which so far this session has been marking time.

Information — A Senate Foreign Relations subcommittee questions Theodore C. Sirebirt, head of the new U. S. Information Agency, about how the government's overseas information-propaganda program has been running.

Air academy — The House Armed Services Committee may approve establishment of a separate academy to prepare professional officers for the Air Force.

Lawmen to Vote Selves Pay Increase

By WILLIAM F. ARBOGAST
WASHINGTON (AP) — Congress appeared likely today to vote, probably next month, for substantial pay raises for its own members and for federal judges, starting next January.

A protest from Congress' own ranks that the pay already may be too high seemed to represent only a small minority's view.

But a special commission's recommendations that the legislators' annual gross income be hiked to \$27,500 may be scaled down to \$20,000 or \$22,500 still a sizable boost over the present \$15,000.

House Majority Leader Halleck (R-Ind.) predicted that Congress would approve a pay raise, although not necessarily the full amounts recommended.

Outspoken opposition to the raise came from Rep. Burdick (R-N.D.) and Rep. Hoffman (R-Mich.) but neither seemed optimistic about chances for blocking it.

Burdick disagreed with the commission's finding that congressmen are underpaid.

"Most of us are overpaid," he said. "Fifty per cent of the members couldn't make back home what they're getting here. This isn't hard work. We horse around for two months getting started and waste another month finishing up and then we take a vacation for four or five months."

Ex-Child Star Is Now 17

BALTIMORE (AP) — Former movie child star Margaret O'Brien is 17 today. A birthday party is planned for her tonight at Hilltop Theater here, where she is appearing in "Kiss and Tell." The audience will watch Miss O'Brien's follow-up movie, "The Girl on the Train."

Deadline on Peace Talks Set by Rhee

By WILLIAM C. BARNARD
SEOUL (AP) — President Syngman Rhee today set an April deadline for the peaceful unification of Korea and warned that "We will not sit back and wait until we are sold out."

An official government spokesman later issued a statement modifying the aging President's warning.

Rhee told a news conference preliminary Korea peace talks cast that 180 days after the start of Oct. 26 South Korea will be "free to take our own active good, bad or indifferent."

This would make the deadline April 23.

Rhee reiterated the 180-day warning three times during the news conference. But six hours later Dr. Karl Hong Ki, official government spokesman, said the President "did not set a definite deadline of April 23 for Korean unification."

Rhee said that even if a peace conference convenes "I do not expect any great achievement."

Asked about the possibility that no conference will be held, the ROK President replied:

"I think that would automatically relieve my government of the obligation for waiting."

Rhee said he would give Allied and Communist diplomats another month to "settle the time and place for a political (peace) conference."

"I could settle it in three days," he said. "Then the political conference should begin right away — give it 90 days that's 180 days in all. After that, something must be done."

"Our brothers are begging and pleading with us to come and help them."

Twice previously Rhee has set deadlines for the peaceful unification of his country. And while he made no threats Saturday, in the past he has threatened to order his 18 American-equipped divisions to march into Communist-held North Korea.

Department Store Sales Higher

ST. LOUIS (AP) — Sales last week in department stores of the Eight Federal Reserve District averaged 10 per cent higher than for the same period a year ago.

The Federal Reserve Bank of St. Louis reported gains for the week included 14 per cent in the St. Louis area, 9 per cent at Louisville, Ky., 12 per cent at Little Rock, Ark., and 2 per cent in seven of the district's smaller cities.

Sales were down as estimated 3 per cent in Memphis, Tenn.

Sales volume in the district for the four weeks that ended Saturday were 5 per cent larger than for the period a year ago. It was 6 per cent larger in the St. Louis, Louisville and Little Rock areas, 1 per cent larger in the seven smaller cities and unchanged at Memphis.

Einstein's Grandson to Be Sentenced

PITTSBURG, Calif., (UP) — Bernard C. Einstein, 23-year-old grandson of Albert Einstein, and a 21-year-old sailor buddy were to be sentenced today for breaking into a soft drink vending machine and taking 60 cents.

Einstein and John E. Marvin, Jr., of San Diego, pleaded guilty yesterday to the petty theft charge and were freed on \$250 bond each pending sentencing by District Judge Michael Gatto at 10 a. m. PST.

Police said Einstein and Marvin were observed removing 60 cents from the vending machine last Wednesday, the same day young Einstein received an honorable army discharge from nearby Camp Stoneman. He held the rating of corporal.

The youths gave no explanation for their action. Asked by the court if he would be represented by attorney, Einstein said "no, I have no money."

He told police he was enroute to his father's home in Berkeley, Calif., at the time of the incident. His father is University of California Professor Hans Albert Einstein, a member of the engineering faculty.

Pilot Killed Casablanca

CASABLANCA, North Africa, (UP) — An American B-26 bomber crashed 80 miles south of Casablanca, killing the pilot and injuring three other crewmen, it was announced today.

An Air Force spokesman said the bomber, which was based at Sidi Slimane, crashed about midnight near Casablanca, Morocco.

W. B. Ruggles Enters Race for Sheriff

W. B. (Bill) Ruggles, well known Hempstead man, today announced his candidacy for Sheriff of Hempstead county. Mr. Ruggles issued the following statement:

"Due to many of my friends asking me to consider making the race for Sheriff and Collector and asking the advice of many more, I gave the matter very close consideration and I am making my announcement for Sheriff and Collector of Hempstead county."

"I have lived in this county for the past 43 years, have spent most of my life in the Shober Springs community, where I now live with my family."

"I had the honor of serving on your School Board, have held an Honor Sheriff's Deputyship for the past 30 years."

"I am the father of Lucille Ruggles to whom you all have been so loyal and kind since her affliction the past 12 years."

"I feel my past experience in law enforcement as Honor Deputy and 12 years with the State Law enforcement fully qualifies me for this office. For the past several years I have been influenced by you good people of this county to run for some office but this is my first time. I will deeply appreciate your vote and support my promise is with your help, I elected you Sheriff, I will do my best, and will be your Sheriff at all times. I am looking forward to seeing all of you."

"I have been a member of the Methodist Church since my 20s. I think you one and all for your close consideration in my behalf."

U. S. Cold to India Call to Korea Debate

By A. I. GOLDBERG
UNITED NATIONS, N. Y. (AP) — The United States with support of other big powers gave the cold shoulder today to India's proposal to recall the U. N. General Assembly Feb. 9 for debate on Korea.

Mrs. Vijaya Lakshmi Pandit, of India, the Assembly president, had issued the call earlier this week, asking for replies by Jan. 22.

The United States said it would not be able to decide by that date — which meant that the U. S. didn't want a session called while the prisoner question and the Korean political conference talks remained up in the air. The U. S. left the door open for a later meeting by adding it was keeping the proposal under consideration.

Reportedly taking the same view were Britain, France, Australia and the Netherlands — all members of the U. N. Allied force in Korea.

The Soviet bloc, except for Poland, went on record supporting Mrs. Pandit's plea for the resumed session, Iraq alone among the 16-nation Asian-African bloc also reported it supported the call.

Tax Increase Up at Fordyce

FORDYCE, (AP) — City officials said today that Fordyce voters will be asked to approve a five-mill property tax increase to provide \$150,000 for improvement of Negro schools here.

Revenue from the tax increase — which would boost the millage rate to 35 Mills — would be used to build an elementary school, add a wing to the Negro high school, and expand the school library.

The Fordyce School Board agreed to equalize white and Negro schools after Negro patrons reopened a suit challenging segregation in the school system.

Four Small Children Perish in Fire

MIAMI, Fla. (AP) — Four small Negro children died last night when fire turned a frame house into what witnesses described as a "roaring furnace."

Desperate rescue attempts by neighbors and a passing salesman were futile.

The children were listed as Rachel, 4 months; Elizabeth Ann, 2; Linda, 7; and Minerva, 4. The daughters of Mrs. Alma Johnson.

Cause of the blaze was not determined immediately. Police said the house was a one-story frame building.

Noel Relates How Red Plan Was Shattered

By RAY STEPHENS
LITTLE ROCK (AP) — A well-known Communist plan to convert hundreds of war prisoners into Red renegades was shattered by young Americans who fought back with nothing but their own courage.

Frank (Pappy) Noel, 40-year-old Associated Press photographer who spent 22 months in Korean prison camps, told the story of how the Communist "lost face" when they tried to turn the war prisoners into Red renegades.

Noel spoke at the Arkansas Association at the organization's semi-annual convention here. Several hundred newsmen and their guests listened to him. He outlined the Communist propaganda program, which the Reds built would lure 600 Americans to their ranks.

"They used prejudice, medicine, mail from home, fact everything for 'selling weapons,'" Noel said.

"The Reds played Negro against white, American against British, Asians against the men from the West."

"Their biggest hope was Negro and I'm happy to say those colored boys turned Red and promises right back into the faces of the Chinese."

Noel said that even medical treatment and food — even food — were employed by the Communists to force the men into hated "prossives."

"The Chinese had me down to the last blade of grass, much cow food as manure, and I said, 'Noel, I'm not a Communist!'"

But despite all their efforts, 21 Americans stayed loyal. Capt. Noel pointed out this is a powerful weapon for the U. S. against the Communists.

As for the reluctant 21, commented bitterly: "There 30,000 dead men in Korea, 21 men still over there, and I couldn't care about what happens to them."

Noel stressed that the Communist concentrated their punishment on mental rather than physical tortures.

"Their favorite punishment was putting a man in solitary confinement so they could work on his mind."

The story, growing photographs also charged that 900 Americans still are being held by the Reds who hope to use them as a tool to get U. S. recognition of the government and a seat in the United Nations.

Noel said a Communist newspaperman had admitted to him that the prisoners still were in captivity, and commented:

"What can we do about handing them back to a country with whom we don't have diplomatic relations?"

"That's the kind of problem dealing with," Noel said. "The knife, their mother, and the American lives to force us to recognize their government and them in the U. N."

PLUCKY PEOPLE—At a Hessian goose farm near Frankfurt, Germany, all hands turn to pluck goose feathers so that stores will have a plentiful supply of birds for the Christmas season.

AVIATION PROGRESS ON DISPLAY—Exactly 41 years of aviation progress flies by as a jet-powered B-47 zips past a 1912 pusher-type plane over Washington, D. C. The small plane, piloted by its owner, Billy Parker, can stay in the air for an hour and a half, has a ceiling between 8000-9000 feet, with a top speed of 65 miles per hour. The B-47, in contrast, has a range of more than 3000 miles and can operate at altitudes above 40,000 feet.

DOROTHY DIX

Dear Miss Dix: Perhaps you'll be kind enough to devote a word to a minor grievance of mine. Why can't wives appreciate the fact that a man might like an occasional evening alone? The ladies have the run of the house all day, and it never occurs to them that a husband could use a little privacy. Being with people all day is nerve-racking and exhausting and I for one, would be easier to live with if my wife would leave me alone one evening a week and let me cook my dinner, if and when I got around to it. If I suggested such a thing, she'd think I was tired of her or didn't appreciate her. Nothing could be further from the truth, but I would like the luxury of a few hours to myself occasionally.

Just Complaining
ANSWER: To you goes the honor of having submitted the most original problem to come my way in a long while. Files of letters between the husbands who go out several nights a week, or those who won't take the little women out, or those who refuse to let their wives have an evening off by themselves. But a husband who longs for solitude is a rare avia. Most people don't like to be alone — even they need constant entertainment and companionship. They feel neglected. You are apparently a man who does want a chance to be alone. I would suggest that you try to find a hobby or a way to spend your evenings that doesn't involve your wife.

Dear Miss Dix: What do I owe my stepchildren? Fifteen years ago I married a man with three children, the youngest only two. We also had my mother-in-law with us. I worked steadily to put the children through school, and they all married. My husband died five years ago. Now I have three stepchildren, and none of the children will come to see me. One girl offered to buy my house (a small one) and the only thing I have in the world, paying me \$25 a month. I have been thinking about this for a long time, and I don't know what to do. I don't want to be a stepmother, but I don't want to be a widow either. I don't want to be a single mother, but I don't want to be a widow either. I don't want to be a single mother, but I don't want to be a widow either.

ANSWER: Such an infatuation as your husband has it usually short-lived. Since your marriage has been happy up to this point, and will undoubtedly go back to its old basis when your man recovers his senses it would be better for you to stick to him through his crisis. When he does realize what a fool he has been, he will surely want someone to stand by him, and that seems to be the only way to get him back.

Dear Miss Dix: I am several years younger than he is, and not unattractive. I feel it might be best to go out on my own.

ANSWER: It's hard to understand how people can be so ungrateful and unsympathetic, or how any hearts can be so hard. Your consolation will have to lie in the thought that you did your best, and you'll never have to live with an uneasy conscience, as they will Trust in God in your troubles.

Dear Miss Dix: My husband has become involved with a girl 25 years younger than he is. She is making a fool of him. He gives her beautiful presents, and she goes out with other men, of which he is aware, but in his infatuation it makes no difference. I am several years younger than he is, and not unattractive. I feel it might be best to go out on my own.

Marilyn, Joe Tie Knot, Off on Honeymoon

By ALINE MOBY

HOLLYWOOD (UP) — When Marilyn Monroe smiled at Joe DiMaggio over a wedding ring, it was the first time Hollywood's favorite blonde had made headlines in the romance department.

Ava Gardner has wed three times, Lana Turner and Rita Hayworth four. But the loves of Marilyn have been few.

Marilyn single-handedly brought new prosperity to the calendar business and revived sex in the movies, but she has only one teenage marriage and two fatherly-type friendships behind her.

At 15, the thin freckled faced girl married the boy next door, but in later years she confessed the four-year marriage was partially to escape from a life of shuttling from one foster home to another.

Marilyn started life in an orphanage because her mother was ill and her father dead. The had 11 sets of foster parents before she was 16. She felt unwanted, unloved.

Marilyn and Seaman Jim Dougherty were happy, and she even packed love notes in his lunch box. He went off to war, so she got a job in a parachute factory. A picture in the company magazine led to modeling jobs and a movie contract. When Jim came home, Marilyn was interested in a different life. She got a Las Vegas divorce. Daugherty, now a policeman in suburban Van Nuys, remarried and has three children.

Hearing Schedule on T-H Proposals

WASHINGTON (U) — The Senate Labor Committee agreed today to hold two weeks of public hearings, starting Jan. 23, on President Eisenhower's proposed amendments to the Taft-Hartley labor-management act.

Chairman H. Alexander Smith (R-NJ) and other Republicans abandoned previous efforts to avoid the additional public hearings urged by Democratic members of the Senate Group.

Smith said the committee decision today at a closed-door session was unanimous, even though he and Sen. Ives (R-NY) had hoped to avoid long hearings because of the voluminous testimony taken last year on T-H changes by both Senate and House Labor Committees.

The first witnesses will be Secretary of Labor James P. Mitchell and Chairman Guy Farmer of the National Labor Relations Board.

Smith said the committee voted today to let the Senate Judiciary Committee consider measures dealing with "communism in unions," including a bill by Sen. Goldwater (R-Ariz.).

Early house action on T-H law revision was predicted earlier today by Rep. Halleck of Indiana, the House Republican leader.

Court Delays Reuter Case

DETROIT (U) — The state's Walter Reuther murder plot case was at a virtual dead stop today, tied up tight in a series of court delays.

Prosecutor Gerald K. O'Brien wasn't saying what his next move would be. It was reported, however, that he and associates were looking for a way to facilitate extradition from Canada of Donald Ritchie, the reluctant ace witness.

Considering all the possible international legal ramifications, it might be weeks before Ritchie could be brought back over the Detroit River neighboring from Windsor, Ont. His hearing is set for Jan. 21 in Windsor.

Courts here and in Windsor yesterday deferred the cases of two co-defendants, Carl Renda, 35, and Clarence Jacobs, 43.

Renda's was put over until Jan. 29 and Jacobs' until Jan. 22. Prosecutor O'Brien vainly sought a three-month continuance of Renda's case.

Meanwhile, there still was no word of the whereabouts of the missing Santo (Sam) Perrone, 58, father-in-law of Renda and also a defendant.
